

Hello! I'm **Amanda Ho**, an interaction & visual designer.

I'm inspired by all forms of design and am interested in how design can become a catalyst for great change. I strive to become a logical problem solver who facilitates these changes.

education

Rochester Institute of Technology

New Media Design | May 2019
Japanese Concentration
GPA: 3.93/4.0

experience

Punchcut | Visual Design Intern

May 2018 - Present

Provided a variety of design services including illustration, motion design, and web design for well established companies. Responsible for designing prototypes and animating concepts. Worked closely with fortune 500 companies.

Workinman Interactive | Junior Design Intern

Jun 2017 - Feb 2018

Created illustrations and implemented designs using an engine created by Workinman that allows clients to easily build simple games. Responsible for assisting in the redesign of their website.

RIT Center for Campus Life | Staff Artist

Jan 2017 - May 2017

Worked on rebranding RIT's New Student Orientation visual design. Developed creative solutions for clubs and organizations that require posters, ads, and other artistic products.

involvement

Thought At Work | Title Sequence Lead

Dec 2017 - Present

Leading a team of designers to create a title sequence for a student run conference that brings students and industry professionals together through design.

New Media Club | Student Mentor

Sep 2017 - Present

Guided students to solve design problems and challenges. Helped refine student's design concepts and ideas.
